LING QIAN

Instructional Designer

My goal is to obtain the position of Instructional Designer where I can utilize my education, extensive knowledge of online pedagogy and over eight years of training experience. In this role, I would provide multi-faceted project management services, high quality consultation experiences and best practices in material development.

EXPERIENCE HIGHLIGHTS

INSTRUCTIONAL DESIGNER

OEVPUAA, Indiana University

Jan 2017- Present

- Redeveloping existing EDGE modules in Canvas into more interactive and self-enrolled online learning modules
- Evaluating existing EDGE modules using Quality Matters Self-Reviews Worksheet.

WEB DEVELOPER

CITL, Indiana University

Sep 2016- Dec 2016

- Developed and modified web-based resources for CITL's website using IU's Web Content Management System
- Developed resources that support the pedagogical use of technologies.

**INSTRUCTIONAL
TECHNOLOGY SPECIALIST**

CITL, Indiana University

Oct 2015- Jan 2016

- Consulted with faculty to help them troubleshoot and design courses in Canvas
- Developed videos to help faculty migrate from Oncourse to Canvas, and designed learning materials for webinars

**FACULTY TRAINING
SPECIALIST**

CTL, Hebei University

Aug 2010- May 2015

- Consulted with faculty in course design and development using technology
- Trained faculty on how to create and manage their online courses in Blackboard

FACULTY

College of Education, Hebei University

Jul 2007- Jun 2015

- Taught two online and residential courses in Educational Technology for undergraduate and graduate students each semester
- Conducted research on online teaching and learning, published more than 20 peer-reviewed Chinese articles

TEACHING ASSISTANT

Beijing Normal University, Zhuhai

Jun 2004- Jun 2007

- Designed and developed course materials from both pedagogical and technical perspectives
- Maintained hardware, network, and computer lab services, and consulted with faculty in technology issues
